

MISSION

Our mission is to redefine the safari concept by creating a dynamic and hands on experience for the global traveler, through deep connection to the wildlife, nature and local culture.

OVERVIEW

Habitas Namibia is situated on a 47,000-hectare private estate just 45 minutes from Windhoek's international airport. We are surrounded by diverse natural habitats and hundreds of rare species of wildlife such as rhinos, zebras, wildebeest, etc. Our sustainable luxury safari suites offer sweeping panoramic view, designed for full immersion in nature. Our programming combines adventure, music, wellness and food for a unique multi-sensory experience. Guests can enjoy immersive safari drives, conservation activities, guided nature walks, mountain bike safaris, savanna yoga and more.

WHY HABITAS NAMIBIA

ENGAGING SAFARI EXPERIENCE

Our Engaging safari experiences are designed for immersion, participation and discovery. Explore the savanna by day or night on guided nature walks, safari drives and mountain biking excursions. Stop for a culinary picnic along the way and catch glimpses of Namibia's wildlife, including rhinos, giraffes and zebras.

CONNECTION WITH WILDLIFE THROUGH CONSERVATION

We are surrounded by diverse natural habitats and hundreds of rare species of wildlife such as rhinos, zebras, wildebeest and more. Train with our on-site anti-poaching unit and learn the techniques and drills employed by our team to keep wildlife safe.

IMMERSE WITH LOCAL INDIGENOUS CULTURES

From free dance to drum circles and agora gatherings, we incorporate local indigenous traditions into our experiences. Enjoy cooking workshops, bushman bow crafting and medicinal plant workshops led by local experts.

HABITAS COMMUNITY

Our unique programming is designed to bring guests together, turning strangers into friends and friends into family. We encourage true human connection and believe authentic self-expression is best achieved in safe spaces surrounded by nature.

COEXIST WITH NATURE

If you crave adventure, our safari drives, mountain biking excursions and nature guided walks are the perfect opportunity to explore the savanna. Catch glimpses of wildlife from your private outdoor deck or communal fire pit.

- Green wood hoopoe

CONSERVATION

RESEARCH ON WILDLIFE

Habitas will soft launch a research project providing research-orientated solutions to the decline of wildlife populations, habitat and indigenous cultures of Namibia.

HUMAN WILDLIFE CONFLICT PREVENTION

Habitas will be a safe haven for endangered problem species (predators) by integrating and studying these species adaptation to the new environment in our land. Our goal is to find solutions to the human wildlife conflict. Adopting animals that local farmers fear or are trying to get rid of from their ground will not only give them a second chance but also allow us to study their adaptation process.

LAND VISITS

Habitas will open its doors to local farmers, schools and neighbors to visit the wildlife, take part in talks advising how to go about wildlife management without having to harm kill animals.

TRAINING WITH ANTI-POACHERS

Train with our on-site anti-poaching unit and learn the techniques and drills employed by our team to keep wildlife safe.

HABITAS RISE

RISE is Habitas' impact arm focused on supporting local communities and sustainability as our guiding principles. through everything we do; from the way we build, to hiring, procurement.

We aim to educate our guests and global community about these causes through our programming and digital content.

LOCAL RECRUITMENT

Habitas | RISE aims to support Namibia's communities by empowering locals through job opportunities and hospitality training in partnership with Saira Hospitality. Habitas and Saira both share a similar vision for the future of hospitality and for our planet. Habitas and Saira have partnered to employ locals, recruiting 70 people for training and hiring 14 people to work full time. Habitas | RISE also supports local artists through procurement of interiors.

SUSTAINABILITY

Habitas | RISE celebrates sustainability through low-impact footprint and design. Our plastic-free initiative strives to eliminate single-use plastic from our homes.

PROGRAMMING

At the core of our Habitas experience are our six pillars of programming:

MUSIC, WELLNESS, FOOD & BEVERAGE,
ADVENTURE, ART AND LEARNING

SAFARI DRIVES: Our safari drives, led by expert wildlife guides, will take place in the morning and the afternoon, offering sightings to Namibia's rarest species in their habitats. The drives invite people to participate by helping the guides map the land and tracking animal sightings. Our safari drives include stops and walks in the bush for those seeking to immerse themselves into the natural surroundings.

MOUNTAIN BIKING: Electric mountain bikes will be offered as an adventure excursion to explore terrain. The bike excursions will be led by experienced guides and guide guests on different trails to sight animals.

FULL MOONS IN THE BUSH: With a full moon providing more light than any other night in Namibia, the bush experiences much more movement on that night. Every full moon we invite our guests to join us to an evening animal watch as animals roam through their habitat.

STARGAZING: Gaze up at Namibia's vast night sky and learn about how indigenous tribes navigate with constellations.

MEDICINAL PLANT WORKSHOPS: The workshops will educate on local flora and how they are used for medicinal purposes. Guests will be able to learn how to make medicinal elixirs using local ingredients.

HABITAS | NAMIBIA

BUSH BRAAI: Guests are able to dine in the bush for an immersive dining experience. The bush braais allow guests to spot nocturnal animals during a pop-up meal.

BUSH MEDITATION: Practice stillness in the bush, surrounded by Namibia's flora and fauna. We invite our guests to sit down, take a breath in and out and be present.

ZERO WASTE COOKING: Nothing in our kitchen goes to waste, our approach to cooking is to make use of every ingredient and part of product to be used with purpose.

AGORA GATHERINGS WITH LOCAL LIVE MUSIC: We routinely gather by the fire for unique music experiences that fuse local inspiration with global sophistication. From drumming circles, to the art of spoken word we allow for music vibrations to connect our guests in profound ways.

FREE DANCE: Dance is rooted deeply in the culture of Namibia; we invite our guests to learn and join the locals in the art of self-expression through dance.

STORYTELLING WITH LOCALS: Our family of guides and local friends have lived through incredible experiences and have beautiful stories to share with our guests.

BUSHMAN BOW CRAFTING: Learn how to make and use bow instruments with the bushmen.

SAVANNAH YOGA: Practice yoga overlooking the vast savannah landscapes.

INDIGENOUS SPA TREATMENTS: In-room wellness treatments inspired by local traditions and resources.

SOUND JOURNEY MEDITATION: Using local instruments Habitas leads sound meditations in beautiful natural spaces to allow each guest to connect with themselves, their surroundings and one another. Local instruments allow guest immersion into the local heritage and environment.

BREATHWORK: Access an extraordinary state of consciousness using a two-stage breath over the course of 45 minutes, enhancing creativity, clarity and confidence.

FAMILY DINNERS: Large dinner family-style where we invite all guests to dine together and exchange their stories from their safari adventures.

- Butler service

FOOD & BEVERAGE

OVERVIEW

The concept of our menu at Habitas Namibia is to showcase the versatility of Namibia in an elegant yet rustic manner. Our dishes feature true Namibian ingredients paired with flavours from all over the world. We focus on a healthier way of living and therefore our dishes are prepared with organic ingredients carefully sourced locally. At our community table you will be fulfilled with food for the body as well as for the soul as we serve meals in a family-styled setting to bring everyone closer together.

MENU

Game meat has been a staple in Namibia for centuries and therefore various cuts and varieties can be found across our menu. Focusing on a healthier way of eating, we incorporate a wide variety of fruits across our dishes as a sweet component in an effort to reduce the usage of refined sugars. Marula and its variety of sub-products (nut, nut butter, nut oil and fruit) can only be found in the northern parts of Namibia in the woodland habitat.

Dinner will be paired with wines from the Western Cape area or a few varieties from abroad including champagnes from France and Prosecco from Italy.

DINING EXPERIENCES

Our dining experiences, such as our family dinners, are designed to bring people together through shared meals. Family dinners are a signature Habitas gathering, where people dine together over a family-style meal.

Our Bush Braais will consist of a pop-up dining experience in the bush, where guests will be able to dine while fully immersing in their natural surroundings, sighting night dwelling animals.

HOW & WHEN TO VISIT

LOCATION

Farm Coas No. 501 Windhoek District Namibia

COORDINATES

-22.697178,17.655987

DISTANCE & DIRECTIONS FROM AIRPORT
